19th May 2017

Dear Parents/Carers,

We have recently purchased a new piece of software which some of the children have been using during the trial period over the past 6 months, every child in year 4 and 5 will be able to access this at home. This software will help to develop essential reading comprehension skills and if used for approximately 20 minutes per session three times every week, it will not only help them with their comprehension skills but also increase their enjoyment of reading and spelling.

The programme can be accessed at www.lexiacore5.com/ and your child will be issued with a unique username and password. The reading programme is personalised and will target skill gaps as they occur, helping to assist with their development.

In addition to the children accessing this at home, we would like to invite your child to participate in an early morning club, which will start on **Tuesday 6th June at 8am** and will take place every Tuesday, Wednesday (focusing on reading) and Thursday (focusing on maths) until the end of term. Please complete the form below to indicate if you would like your child to attend.

Yours sincerely

Laura Sandon-Webb
Leader of KS2 and Willow Class Teacher

.....
Morning Sessions on Tuesday, Wednesday and Thursday

I would like my child (name)..... To attend the morning sessions every Tuesday, Wednesday and Thursday starting at 8am on Tuesday 8th June.

Signed..... Date.....
