Dear Parents/Carers,

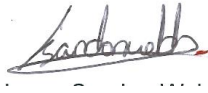

As part of design technology curriculum for Key Stage 2, the pupils have to gain an understanding of seasonality and how to produce healthy and nutritious meals.

From next week Mrs Mayne is going to be taking out a group of pupils each week to cook a meal, which will then be shared amongst the class, if they wish to try it. This will also give pupils the opportunity to weigh out ingredients, work with measures and time, which links into the maths curriculum.

If your child has any allergies that we are not unaware of, please let us know.
