

## PE and Sport Premium 2017 – 18

The premium must be spent by schools on making additional and sustainable improvements to the provision of PE and sport for the benefit of all pupils to encourage the development of healthy, active lifestyles. Schools with 17 or more eligible pupils receive £8000 and an additional payment of £5 per pupil.

Objectives –

- to improve the provision of physical education at Petworth CofE Primary School during lessons
- to improve the extra-curricular activities provided and competitive intra and inter sport
- to develop Play Leaders
- to engage reluctant participants
- To improve teaching of PE at Petworth CofE Primary School by raising the confidence and expertise of class teachers
- To promote children's experience of, and confidence with, the outdoor environment

Actions	Cost	Evaluation
<p>Purchase:-</p> <p>Purchase school equipment to add to our school's diverse PE Curriculum</p> <p>To purchase affiliation to Midhurst Rother College PE initiatives and Youth Sport Trust</p> <p>Organise extra-curricular activities</p> <p>Tablets, pedometers</p>	£4900.38	<p>Our curriculum coverage has improved with the purchase of a variety of sports equipment and engaging children in different sport workshops e.g. climbing and SkipHop. These activities have not only seen an improvement of uptake for our extra-curricular activities it has developed our active playtimes. However parents are reluctant to pay for clubs, so we have used sport premium to pay for multi-skills club. When charged only two children interested, when cost covered by Sport Premium 15 children signed up within three days.</p> <p><a href="#">Next steps: Which other extra-curricular activities could we finance with Sport Premium money? Which clubs do the children want?</a></p> <p>Our range of sporting extra-curricular opportunities is very good and included: dance, gymnastics, football (including Saturday football club for EY &amp; KS1 children), netball, tag-rugby, cricket, Change for Life, running, Fun Fitness, yoga, athletics, archery, badminton, karate, stoolball and rounders.</p> <p>Enabled the children to participate in a range of competitive sporting activities against their peers from local schools e.g. cross country (91 children), football and netball matches, multi-skills, cricket and rounders tournaments. More of a focus on engaging more children in representing our school in competitive matches has been achieved.</p> <p><a href="#">Next steps: Further embed competitions in place and arrange competitions during National School Sports Week.</a></p>

Installation of two outdoor traverse walls		<p>Teaching assistant attended 'Change for Life' course and has led a club for two lunchtimes per week. The main focus of these sessions to engage reluctant participants as well as explore healthy eating options.</p> <p>Tablets to be used to evaluate performances e.g. gymnastics or athletics, so the children can 'coach' each other more effectively. Tablets also used to monitor extra exercise sessions e.g. pedometer challenge and 'daily mile'. These have seen an increase in the amount of steps / exercise the children have completed during the day. <i>At present only two classes do this regularly with Year Six completing three times a week covering, as a class, 45 miles a week.</i></p> <p><i>Next steps: The competition to beat each other as well as their previous score has enhanced this. Now needs to be more regularly across the school especially in KS1.</i></p> <p>To encourage our active play, and in consultation with the children, we have installed two traverse walls for each key stage. It is in constant use and gives children another Olympic activity to try.</p> <p><i>Next steps: more focus needs to be on giving the children different challenges to complete.</i></p>
<p>To evaluate what we are doing in school and what we need to include ensuring we meet the criteria set for the School Games Mark.</p> <p>Travel costs – minibus training</p> <p>Supply cover for teachers attending events. To cover for teachers attending these events.</p> <p>To organise intra / inter competitions for our children based on Olympic Sports.</p>	£2179.59	<p>Due to the distances we have to travel we have to hire minibuses for many of our sporting fixtures. Without this many of our children would not be able to participate in the sporting events. We now have six members of staff trained to drive a minibus.</p> <p>Releasing our PE Co-ordinator to organise, run and attend events.</p> <p>Our PE co-ordinator organised an event where six local schools visited us and completed several sports during the day e.g. tennis, athletics, tag rugby. One hundred and four children participated in this day. However all of our children from Year 2 to Year 6 participated in our intra competition, which gave the children opportunities to try different competitive sports.</p> <p><i>Next steps: Further develop links with local sporting communities to promote more sporting opportunities for our children e.g. Petworth Cricket Club, tennis club.</i></p>
Fund a PE expert to support teachers in their delivery of PE. To raise the confidence of teaching and improve the learning opportunities for the children.	£3027.40	<p>During the year every teacher has had CPD in at least two areas of PE. The CPD has included: gymnastics, dance, cricket and multi-skills. The feedback from the teachers has included: increase confidence, develop different uses for sports equipment, developing progression, engaging children in competition earlier, engaging reluctant participants, using apparatus more effectively.</p> <p><i>Next steps: New staff to the school will again have the opportunity to work with the sports coach / coaches to upskill themselves to the expected standard.</i></p>
PE expert to train and support a group	n/a	PE co-ordinator trained our Year Six children. Most of the children actively engage with the younger

of year 6 children to become PALs (Play Activity Leaders) and facilitate playtime PE		<p>children and help encourage active play. Children benefitted through developing their self-confidence, social skills and their understanding of an active lifestyle.</p> <p>Next steps: More children need to be involved on a regularly basis. We will have more children in Year Six next year which will help.</p>
Support from PE expert Attend relevant courses Joint observations and feedback of PE lessons	£270	<p>Rother Valley PE conference attended by two members of staff – this led to more focus on developing active playtime. Observations of lessons have been positive with teachers responding well to the scheme of work.</p> <p>Next steps: To engage children who on occasions forget their PE kit – need to ensure they are involved in the lesson e.g. coaching.</p>
During the year every child will participate in Forest School education	£5868.10	<p>Forest School plays an important part in school life. Every child goes to our 'Forest School' for more sessions. We now visit the 'forest' every Tuesday and Thursday pm. This has helped with the wellbeing of our children as well as assists with developing the children's knowledge/respect of the world around them. In a survey (March 2018) 96% of the children asked stated they enjoyed attending Forest School; 94% enjoyed the new format of the sessions, which focus on knowledge and skills for the first hour and then for the second hour they implement these independently.</p> <p>Due to staff changes we had to train a member of staff to become a Forest School lead.</p> <p>Next steps: to train another member of staff as a Forest Lead level 3.</p>
	£16245.47	

Meeting national curriculum requirements for swimming and water safety	
Percentage of our current Year 6 cohort (18 children) who swim competently, confidently and proficiently over a distance of at least 25 meters.	83% (15 children)
Percentage of our current Year 6 cohort who use a range of strokes effectively, for example, front crawl, backstroke and breaststroke.	83% (15 children)
Percentage of our current Year 6 cohort who can perform safe self-rescue in different water-based situations.	83% (15 children)

Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity **over and above** the national curriculum requirements.

For 2018-19 we will be introducing 'Top Up' swimming for our Year Six children, who are unable to swim 25m in Year 4.
