

In 2014/15, Petworth CE Primary School received just over £8000 Primary PE and School Sport Funding.

It has been our aim to increase the amount of PE our children take part in and to increase the quality of our teaching.

We have used the funding in the following ways:

Project/event	Process	Impact
Membership of YST	YST have provided a range of opportunities to support the PEcoordinator, including coordinators' courses, teacher CPD and PE resources .	PE coordinator able to set clear priorities for the year. PE courses supported teachers and has given them more confidence to teach PE. A comprehensive set of PE resources are now available to teachers, including plans and video support
MRC proposal	Working with our local secondary school we were able to offer: Inter school competition between local primary schools Participation events In school team teaching CPD Support with sports day	Our children have experienced a much greater variety of sporting activities. The greatest impact has been the increase in competitive sport. Children have been asking to take part in tournaments even if they haven't joined an after school club. Participation events allowed children to experience working with PE specialists and to use a range of more advanced equipment. Teacher confidence in teaching PE has increased with the help of PE specialists team teaching with class teachers and TAs in PE lessons. More specific training has encouraged teachers to teach a wider range of sports with more confidence.
Chichester university coaching	Children and teachers were given the opportunity to work with a level 2 coach in gymnastics, football, games and orienteering.	After school club numbers have increased. Teachers becoming more positive and confident to teach PE.
After school clubs	Coaches delivering after school clubs in addition to those	This has increased the number of clubs available giving the opportunity for more

	provided by school staff	children to take part in sport. After school clubs were provided in gymnastics, football, netball, cross country, stoolball, rounders and cricket.
Transport to events	Paying for transport to events at various venues	Children have been able to participate in competitive sport, league events, dance festivals, cross country, stool ball, indoor athletics, short tennis, girls' cricket and
Equipment	Replacement of some of the older equipment and buying in some different activities such as balance beams and skipping ropes Increase in the equipment available for PALs	More children are taking part in focussed physical activities at playtimes. Our children delight in seeing what new equipment will appear this term on the playground.
