Parental Role

Guidelines for supporting homework time:

- Try to provide a quiet, comfortable environment with space to work, including table space, if written work is required
- Find a room to work in without the distraction of a television
- Try to ensure a time free from unnecessary interruptions
- Try to ensure that the necessary resources are available
- Try to ensure that their children are clear about the tasks and sign that the child has completed the work on time
- Try to make it clear to children that they value homework, and support the school in explaining how it can help their learning
- Encourage the children and praise them when they have completed homework
- KS1 will have homework set on a Friday, completed homework to be brought into school the following Friday
- KS2 will have homework set on a Wednesday, completed homework to be brought into school the following Monday

Incentives/Sanctions

Children's work will be rewarded, as for daily school work, by inclusion in displays, showing at special assemblies, and by gaining stickers.

Teachers are asked to set homework, which is useful and relevant. Where a pupil has not done the set task

the teacher will give them further opportunities to complete the homework tasks.

Entitlements

The class teacher will provide the pupils with:

- Learning experience letters so that the children and parents know what is expected with their home learning
- Tasks
- Reading diaries, where comments can be made by both parents and children when they read at home
- Homework diaries, where appropriate, in which a record of Homework given and completed can be kept
- Paper/worksheets or a book on which the homework can be recorded
- A time frame so that the pupil knows when the homework should be completed
- Communicate with parents to solve difficulties or to share resources

The school will:

- Build up a bank of resources to support the teacher in setting homework
- Provide opportunities for staff to share ideas/concerns relating to homework
- Inform parents of the homework and the parents' role within it
- Agree a marking policy for homework that is not too onerous for teachers and inform parents of the way it works
- Keep a record of homework activities used
- If the homework is IT based, the school will give the child opportunities to complete in school if they do not have access to the Internet

Monitoring and Review

The headteacher will be responsible for discussing with teachers how far the school policy is being successfully implemented.

This policy will be reviewed in March 2019 when the views of parents will be sought, and the extent to which the policy is contributing to the progress pupils make at school and their attitude to learning will be assessed.
